Go-Dome™

Fact sheet · November 18, 2026

About Go-Dome

Go-Dome is a division of Avela Global. We design and build portable planetarium domes in Houston, Texas, and have done so since 2004. More than 1,370 Go-Dome domes are in the field worldwide.

Quick facts

- Building domes since 2004
- Made in Houston, Texas
- more than 1,370 domes in the field
- Worldwide
- Sizes from 4 to 10 m
- Sold through authorized distributors

What we make

Standard Go-Dome, Ringed Go-Dome, Geo-Go-Dome, Digi-Go-Dome, Novice-Dome, Dome Covers, and the Wheelchair Entrance, plus projection tools such as the Newtonian 3 and Go-Vex mirror. Use TM with Go-Dome and product names.

Who uses a Go-Dome

Schools, museums, science centers, and event hosts. A Go-Dome sets up in a gym, library, hall or tent. With practice, a Go-Dome and Newtonian 3 set up in under 30 minutes. Every dome is sold, delivered and supported by an authorized distributor in your region.
