Zodiac Dome™

CUSTOM PROJECT · Large semi-permanent dome with inflated vinyl-tube walls and airlock lobbies

Not in the current catalog (retired Nov 4, 2026); can be built as a custom project

Zodiac Dome™.

Key specifications

Item	Specification
Construction	Inflated vinyl-tube walls and entry building; dome of standard Go-Dome cloth
Size	7 to 10 m (original page)
Entrances	Two exterior doors into two airlock lobbies; dome stays inflated while groups pass
Dome capacity	About 50 people
Signage	Entry-building panels for hanging vinyl or printed signs
Evacuation	Cycle groups through the airlocks; with all four doors open the dome collapses in 20 to 30 s
Sprinklers	None inside the dome; building sprinklers stay outside it
Rigging	Top loops allow ceiling ropes to prevent total collapse
Installation history	Two sold; installed once and left up for years
Storage	Heavy and bulky; industrial crates recommended

Figures are nominal. Your authorized Go-Dome™ distributor confirms the configuration, dimensions and details for your order. On request: ask your distributor for this size or detail.
