Performance (Clause 8.3):

The sample shall be deemed to perform satisfactorily (pass), if, for at least five of the six test specimens:

a) The duration of flaming does not exceed 5s after removal of the igniting flame; and

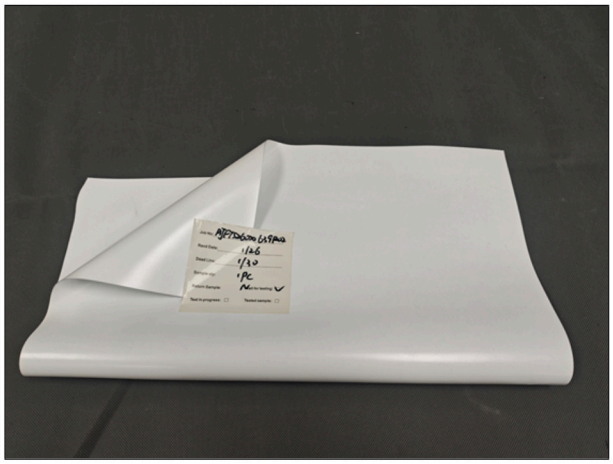

b) The lowest boundary of any flame does not reach the upper edge or either vertical edge; and

c) The filter does not smoulder or flame.

The sample shall be deemed not to conform to this British Standard (FAIL) if more than two test specimens show any of the effects listed in items a) to c), if two test specimens show any of the above effects, then a further six specimens shall be tested. In this case, the sample shall be deemed to 'PASS' if five of the second set of six specimens performs satisfactorily.

Statement: This declaration of conformity is only based on the result of this laboratory activity, the impact of the uncertainty of the results was not included.
